MOZAMBIQUE ROVUMA VENTURE S.p.A.
PUBLIC ANNOUNCEMENT FOR EXPRESSIONS OF INTEREST
PROVISION OF CONSTRUCTION INSURANCE BROKERAGE SERVICES AND
INSURERS INVOLVEMENT FOR MOZAMBIQUE ROVUMA VENTURE S.p.A. IN
CONNECTION WITH THE AREA 4 - ROVUMA LNG PROJECT IN THE
REPUBLIC OF MOZAMBIQUE

Mozambique Rovuma Venture S.p.A.
(through its branch office in Mozambique)
("MRV") invites interested companies to submit expressions of interest with reference to the following tender for the **"Provision of Construction Insurance Brokerage Services"** to be carried out in support of MRV's operations in the Republic of Mozambique.

MRV is seeking to engage in the service of a broker to place the insurance program and to provide relevant support services with respect to the risks and coverage of the Rovuma LNG Project and is inviting companies interested in participating in the tender for the supply of services pertaining to the Subject. The scope of brokerage services will include Early Works, Upstream facilities and LNG Midstream facilities.

In addition, MRV is seeking to obtain expressions of interest from local insurers looking to participate in the insurance coverage for Rovuma LNG Project.

Such local insurance companies could be considered for participation in the insurance placement through the aforementioned brokerage services, based on assessment of their financial strength, capacity and other criteria as part of the evaluation process.

Given the different nature of works associated in Early Works versus Upstream and Midstream works included as part of the scope of Rovuma LNG Project, hereby we make a

clear distinction between the works and capabilities of companies interested in participating in each of the areas. For your responses, please indicate whether you will be applying to be involved in Early Works (Civil Works) and / or Energy Package (related to Upstream and Midstream facilities) further detailed in the Attachment available in the Rovuma Supplier online portal.

For participating in the Early Works scope, evaluation will be conducted in order to assess capabilities, financial strength, and qualitative data analysis that are required to undertake such civil work in the Oil and Gas sector.

For participating in the Energy package, evaluation will be conducted in order to assess capabilities, financial strength, other metrics and qualitative data analysis with particular focus on the expertise, financial strength and capability required to undertake such work in the Energy package for Oil and Gas sector, including compliance with lenders requirements.
